

# INTU®

## LITHIUM HOME UPS BATTERY

WHERE STYLE MEETS PERFORMANCE

**5** Years  
Warranty

"NEXT-GEN INNOVATION FOR SMART LIVING"

# WHY CHOOSE INTU®

## Fire-Safe & Ultra-Secure

Advanced safety technology ensures worry-free usage.

## Elegant Design

Aesthetically designed to complement your space.

## Zero Maintenance

No frequent upkeep, just seamless performance.

## Long-Lasting Power

Exceptional cycle life for uninterrupted energy.

## Features

**Zero Maintenance**

**Mixer Compatible**

**Stylish Design**

**Fast Charging**

**Drop in Replacement**

**Safer: No Fire No Explosion**

**Recycle**

**Lead Free**

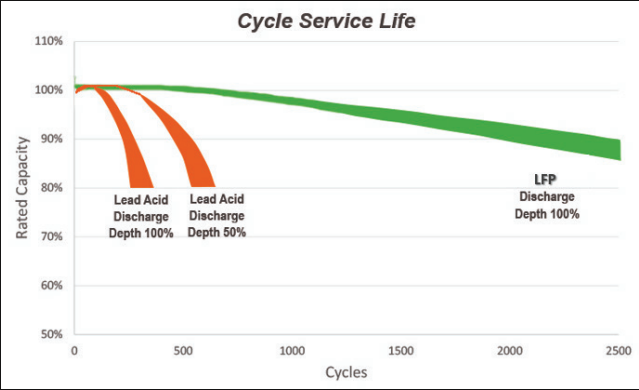

**No Refilling**

**Child Safe**

**Long-Life**

**Over Charge Protection**

**Over Discharge Protection**

**Over Current Protection**

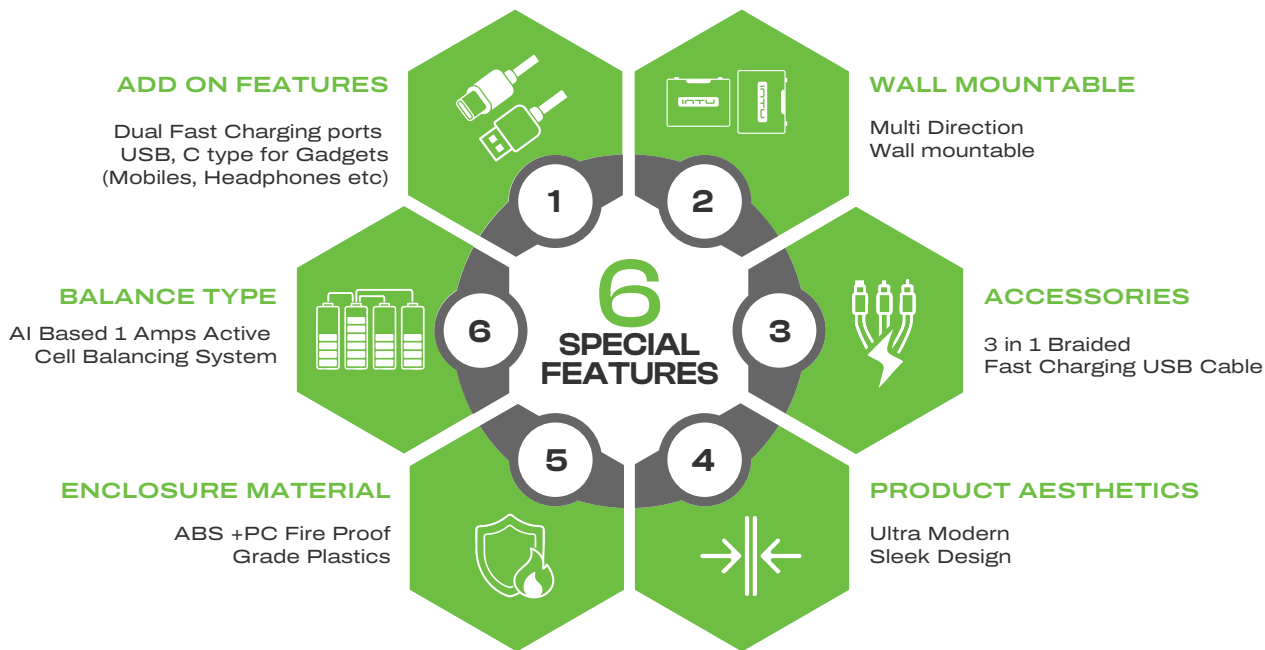

**Short Circuit Protection**

**Temperature Protection**

**Auto Battery Balancing**

**INTU<sup>®</sup>**

Introducing the future of energy storage a revolutionary lithium battery that combines **cutting-edge technology with stunning aesthetics**. Designed for modern users who value both performance and presentation, this next-gen battery is built to be **fire-safe, maintenance-free**, and exceptionally reliable.

## Specifications

	INTU <sup>®</sup>	INTU <sup>+</sup>
Nominal Voltage	12.8 V	
Nominal Discharge Power	760 W	1152 W
Maximum Continuous Discharge Power	1280 W	1280 W
Self Discharging rate	< 3% per month	
Maximum Continuous Charging current	30 Amps	
Weight	7 +/- 0.5Kg	9.4 +/- 0.5Kg
Cycle Life @ 25°C	>2000 @ 80% DOD*	
Terminal type	M8	

Discharge Temperature	0°C to 55° C
Charge Temperature	0°C to 55° C
Life Expectancy	10 Years Design Life
Dimensions	W 300mm x L 250 mm x H 120mm

## Battery Backup

**\*\*INTU 3.5 Hrs | INTU+ 5.2 Hrs**

**2 Fans** + **2 Lights** + **1 TV**

To Serve Full Day Power Cut, Run 2 Fans
